THE ACESEV EXPERIENCE

# A WORLD OF YOUR OWN.

The world moves around you.  
Within, a quieter rhythm.

Beyond the noise and pace of the day, a private retreat. Rich leather, warm wood and softly composed light bring a sense of calm to every journey.

THE ORIGIN

# WHERE WORLDS MEET, A NEW NAME BEGINS.

Rooted in Türkiye.  
Open to the world.

HERITAGE / CONFIDENCE / MOMENTUM

# FOUR FAMILIES. ELEVEN CHARACTERS.

THE LUXURY FLAGSHIPS

# TWO EXPRESSIONS OF MODERN AUTHORITY.

---

## **S8 / FLAGSHIP EXECUTIVE SEDAN**

A long, composed silhouette. A private rear cabin. An arrival with quiet presence.

---

## **X9 / FLAGSHIP LUXURY SUV**

An expansive cabin. A commanding stance. A flagship shaped around shared journeys.

ACESEV

# ACESEV X9

FLAGSHIP LUXURY SUV

A PERSONAL WELCOME

## ARRIVE. BELONG.

A warm cabin, revealed at the door. The illuminated ACESEV wordmark marks the first moment of the journey.

# SPACE TO UNWIND.

BURGUNDY & IVORY / FRONT CABIN

## BOSPHORUS MIDNIGHT

Ivory seats and deep blue surrounds frame a second row with extended leg supports and a generous view above.

---

## MATERIAL DIRECTION

Full-grain semi-aniline leather, pale straight-grain oak veneer and satin metallic controls. Soft surfaces, clearly defined.

ACESEV

# ACESEV S8

FLAGSHIP EXECUTIVE SEDAN

TRI-MOTOR RANGE-EXTENDED HYBRID

800V ARCHITECTURE / 65 kWh BATTERY

UP TO

# 1,333 KM

COMBINED RANGE

Gesture-controlled full power doors

Dual zero-gravity rear seats

## THE ART OF ARRIVAL.

Gesture-controlled power doors lead to a cabin designed around the rear passenger. A flagship with space to pause.

TRI-MOTOR RANGE-EXTENDED HYBRID / 800V ARCHITECTURE

# A COMPOSED SILHOUETTE.

---

A long wheelbase gives S8 its measured stance. The fine horizontal light and vertical lamps hold the same visual rhythm from front to rear.

# TIME, ENTIRELY YOURS.

## A PERSONAL RETREAT

Contoured reclining seats, extended leg support and a dedicated centre console place comfort within easy reach.

Ivory upholstery.  
Burgundy accents.  
A softer evening light.

# YOUR OWN FRONT ROW.

## REAR ENTERTAINMENT

A broad rear display becomes the focus of the cabin. Reclining seats and individual controls support a more personal way to travel.

Material direction: ivory semi-aniline leather, tone-on-tone quilting, warm walnut veneer and satin metallic controls.

GRAND TOURING SHOOTING BRAKE

HIGH-PERFORMANCE ELECTRIFIED AWD

800V ARCHITECTURE / 100 kWh BATTERY

UP TO

## 873 KM

DRIVING RANGE

Adaptive rotating display

Air suspension with CDC

## GRAND TOURING, EXTENDED.

A low roofline meets the versatility of a shooting brake. The rear light draws a single, precise line across its width.

800V ARCHITECTURE / AIR SUSPENSION WITH CDC

# A LONGER VIEW.

---

A flowing roof and an extended rear create the shooting-brake profile. Grand-touring proportions, with room for the journey.

ACESEV

# ACESEV S6

FOUR-DOOR LUXURY GT

## THE JOURNEY, IN A DIFFERENT LIGHT.

A sweeping roofline. Four doors. A generous idea of grand touring.

# SCULPTED FOR THE JOURNEY.

The roof flows into a restrained rear profile. A low stance and uninterrupted surfaces give the four-door GT a character of its own.

THE BYVORIA PERFORMANCE COLLECTION

# POWER IN HER ELEMENT. SHE SETS THE PACE.

---

## **B9 / FLAGSHIP SUPERCAR**

Carbon-fibre form. Extraordinary force. A sense of occasion.

---

## **B6 / TRACK-FOCUSED COUPÉ**

Low mass. A low centre of gravity. Responses built around the driver.

PS / OUTPUT

380

mm / CENTRE OF GRAVITY

## A DRIVER'S MACHINE.

A tubular spaceframe, low-mounted mass and a driver-focused cockpit. Precision begins with the structure.

# COMPACT FORM. SERIOUS INTENT.

A compact two-door body wraps around a driver-focused chassis. The short cabin, defined intakes and low nose give B6 its purposeful stance.

# PERFORMANCE, FROM THE INSIDE OUT.

---

## **4130 CHROMOLY SPACEFRAME**

Triangulated tubes create clear load paths in a structure used in specialist competition cars. Inboard pushrod dampers support compact packaging and chassis tuning.

---

## **LOW MASS. ROOM TO DEVELOP.**

Forged 7075 aluminium uprights and 5.9 kg magnesium-alloy wheels support the lightweight approach. Reserved interfaces allow future module development.

**380 mm centre of gravity / 1,365 kg quoted vehicle mass**

Conceptual cutaway; not an engineering drawing. Petrol-engine integration is a future development possibility.

ACESEV

## 1,050 KM

COMBINED RANGE

6 kW vehicle-to-load

540° transparent chassis view

## TAKE MORE WITH YOU.

A purposeful load bed and an assured stance extend the collection beyond the everyday. Ready for another kind of journey.

PLUG-IN HYBRID AWD / 6 kW VEHICLE-TO-LOAD

# BUILT AROUND POSSIBILITY.

## EQUIPPED FOR THE ROAD BEYOND.

### AUXILIARY LIGHTING

Roof-mounted auxiliary lights extend illumination for off-road use.

### ELECTRIC RECOVERY WINCH

An integrated electric winch adds a practical recovery option beyond paved roads.

### FOLDING TOW BAR

A folding tow bar adds towing versatility, with a compact stowed position.

### OFF-ROAD TYRES

A terrain-focused tyre specification for gravel, mud and broken ground.

Illustrated optional equipment. Ratings and availability are subject to final specification.

ACESEV

41.2 kWh HIGH-CAPACITY BATTERY

UP TO

# 1,615 KM

COMBINED RANGE

Road-preview air suspension

Zero-gravity passenger seat

## AT EASE, EVERY DAY.

A clean silhouette and a bright, considered presence. Family travel with space to settle into the journey.

ROAD-PREVIEW AIR SUSPENSION / ZERO-GRAVITY PASSENGER SEAT

# CLEAR LINES. OPEN POSSIBILITIES.

---

A calm front face, a continuous light signature and a balanced rear profile. The family SUV, expressed in the ACESSEV design language.

ACESEV

# ACESEV V9

EXECUTIVE LUXURY MPV

## INTELLIGENT PLUG-IN HYBRID

34.9 kWh BATTERY / HIGH-SPEED DC CHARGING

UP TO

# 1,300 KM

COMBINED RANGE

Lateral-sliding executive seats

1,020 mm second-row travel

## A PRIVATE WORLD IN MOTION.

An executive cabin, entered with ease. Space to converse, work or simply step away from the pace outside.

PLUG-IN HYBRID / LATERAL-SLIDING EXECUTIVE SEATS

# SPACE, WITH PRESENCE.

---

The long cabin and upright rear create a clear executive profile. The horizontal light signature brings a composed identity to the MPV form.

# A DIFFERENT KIND OF EVENING.

BURGUNDY / DAY CABIN

IVORY & BURGUNDY / STARLIGHT

## BENEATH THE STARS

A crescent and star emerge from points of light with varied brightness. Space between them keeps the ceiling quiet.

---

Burgundy leather, walnut door panels and black velvet-look carpeting. A folding table gives the centre console a second purpose.

# TEXTURE. TONE. TOUCH.

B9 / LEATHER & WALNUT

## LEATHER & STITCH

Proposed full-grain semi-aniline leather keeps a natural grain and low sheen. AMANN Serafil Automotive for seams; Isacord Automotive for ivory embroidery.

X9 / OAK & METAL

## WOOD & METAL

Proposed American black walnut for the warm cabins; pale straight-grain oak for the blue-and-ivory expression. Satin finishes temper reflections around the controls.

Burgundy and warm-ivory thread colours follow the upholstery. Final grades, suppliers and colour codes remain part of material specification.

# COLOUR, COMPOSED.

## BOSPHORUS MIDNIGHT

Midnight-blue semi-aniline leather. Ivory accents. Pale oak veneer and satin silver-tone metal.

## OLIVE & COGNAC

Olive semi-aniline leather. Cognac panels. Open-pore walnut and warm satin metal.

## GRAPHITE & BLACK CHERRY

Graphite semi-aniline leather. Black-cherry accents. Dark walnut and a muted copper finish.

Proposed material combinations. Shown on X9; availability varies by final specification.

# A CLEARER VIEW OF THE JOURNEY.

# 43

## SENSORS / X9

Complementary sensing technologies contribute different kinds of information about the surroundings.

---

### LiDAR

Depth and spatial structure.

---

### CAMERAS

Lanes, objects and visual context.

---

### RADARS

Distance and relative speed.

---

### ULTRASONIC

Close-range awareness.

---

X9 suite: 5 LiDAR, 5 4D radars, 12 ultrasonic sensors, 13 cameras, 2 water sensors and 6 exterior microphones.

Driver assistance remains supervised. Sensor counts and capabilities vary by model and market.

# PRESERVE THE FINISH.

---

## CLEAR PROTECTION

An optional full-body film specification is proposed around a 9.5 mil clear polyurethane layer, approximately 241 microns thick.

---

## A FINISH THAT LASTS

The intended specification combines resistance to light scuffs and road debris with a heat-responsive surface for minor swirl marks and easier routine care.

Weathering and stain resistance form part of supplier validation. The clear layer preserves the appearance of the selected paint colour.

Concept visualization. Film thickness and performance are proposed, subject to product selection and testing.
